RADIANT QARA
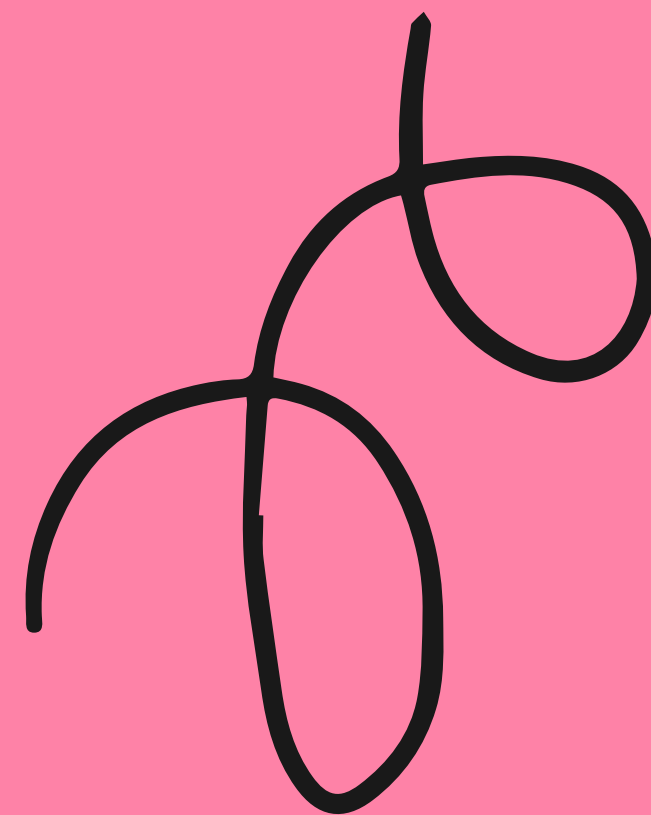

## SKINCARE FOR DUMMIES

ABOUT RADIANT QARA

WHAT IS THIS?

Radiant Qara is an **API** where you can find everything from a personalized skincare routine, based on your skin type and budget, to lots and lots of information about different products.
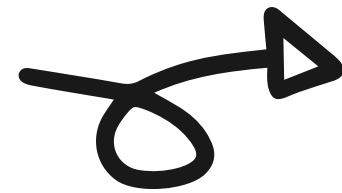

WHY THIS?

Radiant Qara is made **for all** those new **people** that want to get into the world of skincare in just a few clicks.

With Radiant Qara you will achieve a routine with perfect products that fit you.

ABOUT MY RADIANT QARA

Radiant Qara is a mix of two things that I enjoy very much and from which I have learned a lot lately: **Data analytics** and **skincare products**.

USED TECHNOLOGY

01 PANDAS

Data processing, cleaning and analysis.

02 BEAUTIFUL SOUP

Enhancing of the original data.

03 MONGODB

Database.

04 STREAM LIT

API construction.
